Build America, Buy America Act (BABAA) Infrastructure Investment and Jobs Act Certificate of Compliance

August 15, 2025

We are pleased to confirm that our underground enclosures comply with the requirements of the Build America, Buy America Act (BABAA). This certification attests that our products meet the stringent criteria established under the BABAA to support American manufacturing and infrastructure.

Our company is committed to delivering high-quality products that adhere to the highest standards of manufacturing and compliance. The materials used in our underground enclosures are sourced and manufactured in accordance with BABAA guidelines, ensuring that they are produced domestically and support the American economy.

Summary of Compliance:

1. **Domestic Manufacturing:** All components of our underground enclosures are manufactured in the United States, ensuring full compliance with BABAA's domestic production requirements.
2. **Material Sourcing:** We source almost all our raw materials from American suppliers, contributing to the sustainability of domestic industries.
3. **Quality Assurance:** Our products undergo rigorous quality control processes to ensure they meet or exceed industry standards and BABAA requirements.

We take great pride in our commitment to supporting American jobs and industry through adherence to the Build America, Buy America Act. Our underground enclosures are designed and manufactured to provide exceptional performance and durability, making them a reliable choice for your projects.

If you require any additional information or have further questions regarding our compliance with BABAA, please do not hesitate to contact our main office. We appreciate your business and look forward to continuing to serve your needs.

Sincerely,

Joey Arn
